

M. W. Chapman.

Madam. Some time in sept last. A box of books came to Buffalo. directed to Jas. Monroe to Care of C. I. Remond. E. A. Marsh. Wrote to Remond. but received no answer. and I wrote two Letters to Remond. While he was at the West. and I have written one to Oliver Johnson. but as yet I have received no answer. The books remained in the Stone House until December last. When I consulted with friend. Marsh. and we concluded for the safety of the books that I should take them out of the Stone House. Consequently I paid the Charges. and took them out and they still remain at my house subject to the directions of the A. M. A. Society. or owners I am at present in this City and intend to labour in the vicinity of Rochester for the Ladies Sewing Society. untill the time of the Fair. the friends here think that they could dispose of some of the books. at the Fair and if such a disposition of the books would meet the approbation of the Society. or owners. you will please write to me to this City. to the Care of Sarah D. Fish. you will also send the prices of the books. the friends here have written to Frederick Douglass. about coming here to labour their wish is that you should inquire about Frederick. and let them know. Whether he can come or not. you will please answer this as soon as you can. I remain your Friend in the Cause of Humanity
